Sprinkles
Cherry Pop
Candy Corn
Lemon Meringue
Peapod
Cookie Monster
Jelly Donut

Other:

Clear Plastic Sheet
TE Sequins
Mini MISTI

Brighter Skies

by Kerri Michaud

1. Cut a 5 1/5" x 8 1/2" piece of Sugar Cube cardstock and fold in half. Cut a cloud frame from both Sugar Cube and a foam sheet using the second and third largest Cloud Stacklets dies. Cut a solid cloud from Sugar Cube and a clear plastic sheet using the second largest cloud die.
2. Using Little Bits - Weather Confetti, cut Lemon Meringue lightning bolts, Sprinkles raindrops, and Sugar Cube clouds.
3. Assemble the cloud shaker layers upside down: Sugar Cube frame, clear plastic sheet, and foam frame. Fill the well with Weather Confetti and additional sequins. Adhere the solid cloud on top.
4. For the card front, cut Sprinkles cardstock with Rainbow Cutting Plate.
5. Cut the strips of Cherry Pop, Candy Corn, Lemon Meringue, Peapod, Cookie Monster and Jelly Donut cardstock to fill in the rainbow as shown using Rainbow Cutting Plate. Attach the card front to the cardbase and piece in the rainbow colored strips.
6. Stamp the sentiment from the Sunny Days Stamp & Die Combo onto your card front in Oreo ink using the Mini MISTI to align.
7. Stamp the sun image from Sunny Days Stamp & Die Combo using Lemon Meringue ink and die cut with the coordinating die.
8. Adhere the sun and cloud shaker assembly to the card front and attach to the cardbase.
