Summer Love

by Keia Shipp-Smith

1. Cut an 8 1/2" x 5 1/2" piece of Jelly Donut cardstock and fold in half for a cardbase.
2. Cut a 4" x 5 1/4" panel of Sugar Cube cardstock.
 - Create ice cream masks for the background by stamping masking paper with the ice cream image and die cutting with the coordinating die.
 - Create the background by repeatedly stamping the ice cream image using Oreo ink. Use the ice cream masks where appropriate to create a layered effect.
 - Color the images with Copics.
3. Using the Stitched Rectangle Stacklets, die cut a stitched rectangle from Sugar Cube cardstock.
 - Apply Salt Water Taffy ink to the panel using an ink blending tool to soften the white background.
 - In the top, left-hand corner, stamp the sentiment "Summer Love" using Oreo ink.
4. Stamp and die cut the ice cream truck from Sugar Cube cardstock and color with Copics.
5. Adhere the ice cream background panel to the Jelly Donut cardbase.
6. Using foam adhesive, adhere the stitched rectangle diecut onto the front of the card.
7. Adhere the ice cream truck using foam adhesive to complete the card.
