# I Am Fearless

by Michele Boyer

1. Die cut Rolling Clouds from Sugar Cube cardstock to create a stencil for the sky.
2. Cut a 3" x 7 1/2" panel of Sugar Cube cardstock. Beginning at the top of the block and using the top edge of the Cloud stencil, blend cloud lines with Salt Water Taffy ink. Move the stencil down and shift left and right, blending additional cloud lines until the panel is covered. Die cut the panel with Build a Bookmark die.
3. Die cut the center portion of Downtown Border from Oreo cardstock. Die cut the same area of Downtown Border Underlay from Sugar Cube cardstock; color with yellow Copic marker. Position and adhere behind Downtown Border. Adhere 1/8" from bottom of bookmark; trim left and right edges.
4. Using Oreo ink, stamp My Super Hero onto Sugar Cube cardstock; color with Copic markers and die cut with the coordinating die. Adhere atop the Downtown buildings.
5. Stamp the Clearly Planned - I Am sentiment:
  - "I AM" at the top of the bookmark in Oreo ink
  - "fearless" in Cherry Pop ink
  - "unique" in Cookie Monster ink
  - "strong" in Oreo ink
6. Cut two 14" lengths of black baker's twine. Insert through the hole in the bookmark.
